Introductory

A Square Deal To Everyone

TWENTY-FIVE years of practical experience enables me to know where to get the best stock, for which I contract with growers who specialize in the different plants—there being few who can grow many things well.

I am in touch with the leading growers at all times and know who has the best stock at right prices, so it is an advantage for you to place your orders with me.

My prices are always the same as the producer's. Try me and satisfy yourself.

TERMS: Sixty days net, 2% for cash in 10 days, 3% cash with order.

NEW ACCOUNTS: Cash with order, or satisfactory trade references.

C. O. D. ORDERS must be accompanied with a deposit.

DAMAGED PLANTS: Should a shipment reach you by express damaged, sign for it: "**Received in damaged condition,**" and be sure to notify your express agent at once to inspect the plants. Then notify me immediately and I will collect from Express Company and make good to you. Do not return plants to me without first communicating.

CLAIMS: All claims must be made on receipt of goods, or they will not be entertained.

250 of a variety listed are sold at 1000 rate, except where quoted otherwise.

WARRANTY: While I exercise the greatest care to have all seeds pure and reliable, and all **bulbs, plants and nursery stock** true to name, I do not give any warranty, express or implied, and will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms and conditions, they must be returned at once, and the money that has been paid for same will be refunded.

CARNATION CUTTINGS AND POT PLANTS

E. A. Seidewitz

CHRYSANTHEMUM CUTTINGS and POT PLANTS

The best newer varieties that every grower should buy. They have been tried and have turned out better than the older varieties.

Chieftain. Deep, clear pink; incurved. Midseason.

Rooted Cuttings: \$3.00 per 100, \$20.00 per 1000.

2¼-inch: 4.00 per 100, 30.00 per 1000.

E. A. Seidewitz. Seedling from Dr. Enguchard and Chadwick. Like Enguchard in form, but larger and deeper clear pink in color; easy, clean grower. The best late pink 'Mum in sight at Thanksgiving.

Rooted Cuttings: \$7.00 per 100, \$60.00 per 1000.

2¼-inch: 10.00 per 100, 90.00 per 1000.

Tints of Gold. Incurved like Razer; flowers October. First color soft golden bronze. Height 3 to 4 feet. Will be a good seller.

Rooted Cuttings: \$3.00 per 100, \$20.00 per 1000.

2¼-inch: 4.00 per 100, 30.00 per 1000.

Oconto (Smith's.) Pure white, incurved; flowers October 15. Best bud August 30. Height 4 feet. Earlier and much better than Early Snow.

Rooted Cuttings: \$7.00 per 100, \$60.00 per 1000.

2¼-inch: 10.00 per 100, 90.00 per 1000.

Early Frost (Dorner.) A very early commercial white. A cross between Golden Glow and October Frost. Height 3 feet. Pure white, with an incurved petal. Perfect form and full to the center. Has the Golden Glow habit to set early buds, which develop into perfect blooms.

Cuttings or 2¼-inch: 15c. each, \$1.50 per doz., \$12.00 per 100, \$100.00 per 1000.

Mistletoe (Dorner's.) The latest commercial 'Mum grown; can be cut from Dec. 1st and on to Christmas. A fine incurved, large, white, showing a tinge of blush pink. Easy and clean grower. Height 5 feet.

Rooted Cuttings: \$7.00 per 100, \$60.00 per 1000.

2¼-inch: \$10.00 per 100, \$90.00 per 1000.

ROSES FOR 1915

Hoosier Beauty. (*Dorner.*)

Introducer's description: In color a rich, velvety crimson, with deeper shadings. It is as fragrant as Richmond; has more petals and better keeping qualities. In production of bloom it ranks with any forcing variety. It naturally throws two- and three-foot stems; never has a dormant period, starting new growth very quickly at any time of the year. Without exception, it is the strongest grower of forcing Roses, making plants well clothed with foliage, perfectly healthy, and never showing a trace of mildew or black spot.

MIGNONETTE. Giant Greenhouse Strain. Grown by a specialist. Seed is saved from the largest spikes. 50c. per tr. pkt., \$2.00 per $\frac{1}{4}$ oz., \$7.00 per oz.

Machet. Finest strain. 25c. per tr. pkt., 75c. per oz.

Allen's Defiance. 25c. per tr. pkt., 75c. per oz.

How to Grow Mignonette

Sow about 5 seeds in 2½-in. pots about Aug. 1st. Place in cool, well ventilated house. When seedlings show four leaves thin out to 2 or 3 plants and plant in solid bed 12 to 15 in. apart. Water carefully and shade house. Use very little water until plants are well established.

When plants are about 4 in. high, thin out to one plant and when they are 6 in. high pick out center so they will branch. Remove all laterals on flowering stem. Air is very essential; days, 55 to 60; nights, 42 to 46. Use good, rich soil and top dress well. If tied up like Carnations will give better results. Ventilators should be screened to keep out butterflies and caterpillars, or they will do lots of damage.
